

# STRAWBERRY VALE RESIDENTS ASSOCIATION

**Our next meeting is this  
Saturday 20th February at 10am  
at The Green Man Centre**

It is for all residents: tenants, leaseholders and freeholders, all are welcome.

Good news, we are now officially recognised by Peabody and we will continue to be active in representing the interests of all residents. Please bring your concerns to us and together we will be able to improve things in Strawberry Vale.

At the meeting:

We will bring everyone up to date with what we know so far about the gas problem, the legal action and what is happening. If you have joined the legal action for compensation already then please remember to sign and return the forms sent to you by the solicitor asap, so you are formally included.

You can still join the action if you want to.

Our solicitor is Jayesh Kunwardia of Hodge Jones & Allen.

We had a positive meeting this week with the new Neighbourhood Manager, Abdul Olaogun. We discussed several of the issues that had been brought to us by residents and we considered solutions. We will report back on this.

Abdul has plans to improve the parking here by significantly increasing the number of spaces, if the money can be found to finance the work. It will take time but it is good news. Unfortunately, people still park thoughtlessly in ways that block the dustcarts getting through, meaning the dustbins don't get emptied. This sort of parking means MET parking control becomes almost inevitable.

Also, we are making contacts with Resident Associations on other Peabody estates with the intention of working together for the benefit of all residents.
